Winnie the pooh book complete collection of stories and poems

Start your review of Winnie-the-Pooh: The Complete Collection of Stories and Poems Throughout reading this beautiful book, I was also enjoyed reminiscing, thinking back to my childhood, remembering those worderful, carefree days, when all I was concerned about was which penny sweets I should buy with my pocket money. Those were good days. They were the days when I was first introduced to Winnie The Pooh. Yes, he was referred to as a "silly old bear" as I own a rather huge, soft toy of Winnie The Pooh, a Throughout reading this beautiful book, I was also enjoyed reminiscing, thinking back to my childhood, remembering those wonderful, carefree days, when all I was concerned about was which penny sweets I should buy with my pocket money. Those were good days. They were the days when I was first introduced to Winnie The Pooh. Yes, he was referred to as a "silly old bear" countless times by Christopher Robin, but he was also "My, silly old bear" as I own a rather huge, soft toy of Winnie The Pooh, and he takes pride of place, sitting on my bed. The moment I spotted this complete collection, and at the time, it was actually on sale, I just had to have it. No questions asked, I just had to have it. No questions asked, I just had to have it. This hardback is really something special. It is something I am going to treasure forever, like I will with all my books. Contained in this treasury, are all the stories and adventures of Pooh and his dear friends, plus two volumes of poems. I'll admit, I didn't care for all of the poetry in here, but that is normally the case with me anyway. I much rather preferred the stories are guite sad when you really sit and think about it, and there is such a lot that children and adults can take away and learn from A.A. Milne's writing, and his quotes, if only we all could see it. ...more I LOVE this book! It's a beautiful full-color collection of stories around Winnie-the-Pooh including additional poems. It's a rather big book, heavy with an additional protective case. Highly recommended not only for Winnie-the-Pooh fans but also for book collectors! I LOVE this book! It's a beautiful full-color collectors eround Winnie-the-Pooh fans but also for book collectors! ...more Llevo enamorada de estos personajes desde pequeña y siempre quise leer todos los cuentos y poemas. No me han parecido cuentos y poemas super tiernos que todo el mundo debería leer al menos una vez. Además esta edición es una joya. You know you are reading wonderfully rich children's literature when you find yourself laughing at the multi-layered humor, and nearly tearing up in the last chapter. I grew up on Pooh stories and I loved reading them allowed to my children. The language is lovely, humorous, and full of imagination. I will hopefully read these 100 more times in my lifetime. a wonderfully charming, kind, caring, very clever and funny bear; it's very interesting to read the original source, especially in my edition which is a 75th Anniversary hardback edition, fully illustrated with colour pictures drawn from E.H. Shepard. The familiar characters, Pooh, Eeyore, Owl, Piglet, Christopher Robin and the sparse appearances of Tigger are solid complex characters. Of the many surprises I encountered, the two that stood a wonderfully charming, kind, caring, very clever and funny bear; it's very interesting to read the original source, especially in my edition which is a 75th Anniversary hardback edition, fully illustrated with colour pictures drawn from E.H. Shepard. The familiar characters, Pooh, Eeyore, Owl, Piglet, Christopher Robin and the sparse appearances of Tigger are solid complex characters. Of the many surprises I encountered, the two that stood out were the dark undertones at the start of the story which introduced Kanga and Roo to the forest, which also presents the dark undertones at the start of the story which introduced Kanga and Roo to the forest, which also presents the dark undertones at the start of the story which introduced Kanga and Roo to the forest, which also presents the dark undertones at the start of the story which introduced Kanga and Roo to the forest, which also presents the dark undertones at the start of the story which introduced Kanga and Roo to the forest, which also presents the dark undertones at the start of the story which introduced Kanga and Roo to the forest, which also presents the dark undertones at the start of the story which introduced Kanga and Roo to the forest, which also presents the dark undertones at the start of the story which introduced Kanga and Roo to the forest, which also presents the dark undertones at the start of the start of the story which introduced Kanga and Roo to the forest, which also presents the dark undertones at the start of the story which introduced Kanga and Roo to the forest, which also presents the dark undertones at the start of the st have in their library, it's a treasure to be unveiled when in the company of an unsuspecting wide eyed child with an insatiable appetite for adventures and lessons on the importance of friendship and kindness to animals and the environment. There's two volumes of poetry which didn't really do it for me, I'm not an appreciator of poetry but it doesn't really tarnish the book because the strength of the tales with Christopher Robin and co are story enough to keep anyone happy, and yes, as expected, the conclusion of the tales was very sad.5/5 Stars ...more To be honest, I didn't finish reading all the poems, but I have read all of Winnie-the-Pooh's stories and this is really a classic. Every child should encounter Pooh's silliness, generosity and kindness. Every child should be taken to the hundred acre woods and experience all these wonderful adventures together with Pooh and his friends. I cannot give this book less than 5 stars. To be honest, I didn't finish reading all the poems, but I have read all of Winnie-the-Pooh's stories and this is really a classic. Every child should encounter Pooh's silliness, generosity and kindness. Every child should be taken to the hundred acre woods and experience all these wonderful adventures together with Pooh and his friends. I cannot give this book less than 5 stars. ...more First of all, why didn't anyone tell me that Winnie-the-Pooh isn't his actual name??? Second: I loved it!! I really loved Milne's writing style, both his poetry and his stories. They were all incredibly relatable, fun, cute and just plain adorable. I wish there was more, honestly! The book itself was beautiful, the illustrations really brought it to life and I'm just slightly obsessed, haha! First of all, why didn't anyone tell me that Winnie-the-Pooh isn't his actual name??? Second: I loved it!! I really loved Milne's writing style, both his poetry and his stories. They were all incredibly relatable, fun, cute and just plain adorable. I wish there was more, honestly! The book itself was beautiful, the illustrations really brought it to life and I'm just slightly obsessed, haha! ...more Te duce inapoi in copilarie. Cea mai buna carte de copii pe care am citit-o pana acum. 100% recomandabila si tuturor adultilor. Adorable, funny and entertaining. I hope I get to read these stories to my children some day. I may have even enjoyed it more than her. A much-loved collection of poetry and stories from my childhood. Would recommend to anyone, no matter their age! Well Winnie-The-Pooh, what a wonderfully charming, kind, caring, sporadically very clever and funny bear; it's very interesting to read the original source, especially in my edition which is a 75th Anniversary hardback edition, red with a cardboard cover, fully illustrated with colour pictures drawn from E.H. Shepard. The familiar characters, Pooh, Eeyore, Owl, Piglet, Christopher Robin and the sparse appearances of Tigger are solid complex characters. Of the many surprises I encountered, the two Well Winnie-The-Pooh, what a wonderfully charming, kind, caring, sporadically very clever and funny bear; it's very interesting to read the original source, especially in my edition which is a 75th Anniversary hardback edition, red with a cardboard cover, fully illustrated with colour pictures drawn from E.H. Shepard. The familiar characters, Pooh, Eeyore, Owl, Piglet, Christopher Robin and the sparse appearances of Tigger are solid complex characters. Of the many surprises I encountered, the two that stood out were the dark undertones at the start of the story which introduced Kanga and Roo to the forest, which also presents the dark side of Rabbit's character, this turns up again in a second tale. This is a gem that every serious collector should have in their library, it's a treasure to be unveiled when in the company of an unsuspecting wide eyed child with an insatiable appetite for adventures and lessons on the importance of friendship and kindness to animals and the environment. There's two volumes of poetry which didn't really do it for me, I'm not an appreciator of poetry but it doesn't really tarnish the book because the strength of the tales with Christopher Robin and co are story enough to keep anyone happy, and yes, as expected, the conclusion of the tales was very sad. ...more One of my favourite books when I was a lot younger. I love all the characters. Winnie is simple but loveable. Piglet is so nervous about stepping out of his comfort zone but pushes through and works through his fear. But eeyore is my favourite, I love him so much. I feel so connected to him, I just want to sweep him up and give him the biggest cuddle. The illustrations are stunning. A must for any young readers book shelves. The Pooh stories were pretty good once you get into them; the poetry was generally a writeoff. Interesting things in the stories: A) people often spoke 'carelessly'B) One of the poems has two characters takes out a pencil and starts licking the end of itC) One of the poems has two characters wondering about the future when they'll be 42. The Pooh stories were pretty good once you get into them; the poetry was generally a write-off. Interesting things in the stories:A) people often spoke 'carelessly'B) One of the characters takes out a pencil and starts licking the end of itC) One of the poems has two characters wondering about the future when they'll be 42. ...more It's so nice to finally read the original stories, so far I've only seen the movies. The stories are very funny and touching. I loved reading the book! It's so nice to finally read the original stories, so far I've only seen the movies. The stories are spread in this beautifully illustrated book, ready to entertain any sort of readers. Who doesn't know Winnie The Pooh and the gang? With his gullible and kind heart, cute tales are spread in this beautifully illustrated book, ready to entertain any sort of readers. ...more It is a very nice book though not all stories were written/received equal. I enojyed the first part most, maybe one more evidence that growing up is not always fun. Came across a description of another character in a very different setting which seems to befit our old bear well: He was an extraordinary gay and communicative fellow, good-natured to the point of simplicity. Beneath this simplicity, however, there were a hidden depth and a dignity. Everything is awwwwsoooooooooooooommmmmmmme
